Agencies shall require a company that submits a bid or proposal for a contract to certify that it is not owned in whole or with a majority ownership by the government of the People's Republic of China (a "Scrutinized Company") and does not and shall not employ a Scrutinized Company as a contractor. See A.C.A. § 25-1-1203.

Agencies should require the anticipated awardee to complete and return certifications of the following:

- **Israel Boycott Restriction** – For contracts valued at \$1,000 or greater. See A.C.A. § 25-1-503.
- **Illegal Immigrant Restriction** – For contracts valued at \$25,000 or greater. See A.C.A. § 19-60-105.3.
- **Energy, Fossil Fuel, Firearms, and Ammunition Industries Boycott Restriction** – For contracts valued at \$75,000 or greater. See A.C.A. § 25-1-1102.

If not provided by checkbox on a solicitation response signature page, a *Combined Certifications Form* for these restrictions is provided on the *Forms and Reporting* page of the Office of State Procurement website.

This form must be attached to the AASIS contract or purchase order, or a printed version must be kept in the solicitation record, for contracts with values meeting the dollar threshold requirement for all four restrictions.

Should a contract value not meet one or more of the required thresholds, the form for the singular applicable certification may be used.
